VOTER REGISTRATION
FEDERAL-ONLY VOTER
(Missing or Inadequate Proof of Citizenship)

[DATE]

The county auditor's office has reviewed your voter-registration application and has registered you as a federal-only voter. The auditor has determined that you have **not** satisfied the requirements to participate in state and local elections in South Dakota because you have not provided documentary proof of U.S. citizenship with your voter-registration application.

Under state law, to participate in state and local elections in South Dakota, you must provide with your voter-registration application documentary proof of citizenship that satisfies SDCL § 12-4-1.4. The following are acceptable forms of documentary proof of citizenship:

1. A South Dakota driver's license that was issued after July 1, 2025, and that indicates that you have demonstrated that you are a U.S. citizen.
2. A South Dakota nondriver identification card that was issued after July 1, 2025, and that indicates that you have demonstrated that you are a U.S. citizen.
3. A valid out-of-state driver's license that indicates that you have demonstrated that you are a U.S. citizen.
4. A valid out-of-state nondriver identification card that indicates that you have demonstrated that you are a U.S. citizen.
5. A tribal identification card.
6. A legible photocopy of one the following documents:
 - Your birth certificate.
 - Your U.S. passport (only the pages identifying you and your passport number).

- A consular report of birth abroad issued to you by the U.S. Department of State.
- Your certificate of naturalization.
- Any other documentation permitted by 42 C.F.R. § 436.407.

If you wish to participate in state and local elections and are eligible to do so, please provide the county auditor with one of the above-listed documents at least 15 days before the election in which you wish to participate. If you submit the required information after this deadline, then the change in your registration status will not take effect until the subsequent election cycle.

Note that if you choose to provide this proof of citizenship using a document from any of the first five categories of documents listed above, you must provide the auditor with the original document. A photocopy will suffice only for documents in the sixth category.

The proof-of-citizenship requirement applies only to state and local elections. It does not apply to federal elections. Without providing the documentation above, you may still participate in any statewide primary, runoff, special, and general elections for the offices of U.S. President, U.S. Senate for the State of South Dakota, and U.S. House of Representatives for your district in the State of South Dakota. You have been registered to participate in these elections.

Your current voter-registration information, which is relevant only insofar as it pertains to participation in federal elections in South Dakota, is as follows:
